Draper, UT 84020

Mr. Harward:

I wanted to take a minute and thank you for taking the time to meet with me and explain your proposal for constructing a causeway across Utah Lake. I appreciated the fact that you had done your homework, that you had a comprehensive and well crafted plan for getting the project approved, funded and completed. You have clearly considered the issues and have taken the initial steps to ensure the success of the project.

If find this kind of project appealing because there are three separate groups who will benefit. First, the residents of Eagle Mountain and Saratoga Springs will have a much shorter and less congested route for getting across the lake. Second, the residents of Lehi will have much less traffic clogging up Main Street almost all hours of the day. And third, since the project will be funded privately and will be paid for by those who will be using the causeway, the taxpayers of Utah will benefit.

Thank you for the work that you have done. I look forward to seeing this project move forward with all reasonable speed.

Sincerely,

A handwritten signature in cursive script that reads "Brad Daw".
