RE: Proposed Lake Causeway

Dear Mr. Harward,

As I expressed in our meeting, I am concerned about the current and future transportation issues facing Utah County and collateral negative impacts. Your causeway concept is appealing and would offer some relief for serious east west travel problems.

It was encouraging to hear of the progress you and your group have made in developing the Utah Lake causeway concept. As I told you when we met, I am supportive of the project and eager to do what I can to keep the it moving ahead.

Please keep me informed and updated on progress, and let me know what I can do to help see this idea brought to fruition.

Sincerely

Mark Madsen
