Dear Mr. Harward:

It was a pleasure to meet with you to discuss your concept for the crossing of Utah Lake. It appears that the project as planned would benefit the growing number of residents living west of Utah Lake.

As we discussed, UTA has plans for a future FrontRunner commuter rail station anticipated near 800 North in Orem. The planned alignment of the Utah Lake crossing would provide your patrons with direct access to the Vineyard FrontRunner station for their travel up and down the Wasatch Front.

Let me know if we can be of assistance as you move forward with your project.

Sincerely,

Michael A. Allegra
Chief Capital Development Officer/
Deputy General Manager
